

South East Asia
EXOTIC CRUISE

WHERE LUXURY & TRADITION INTERTWINE

THE LAMIMA EXPERIENCE

Step on board our luxury yacht Lamima and experience life onboard this authentic wooden Phinisi. Lamima's construction combines traditional Indonesian boat building with modern yacht technology and design for your comfort and leisure. Be embraced by the warm hospitality of our local Indonesian crew and sail away to explore a new unspoilt paradise. The use of all amenities and participation in activities is complimentary to all guests on board.

Service & Dining

Our crew are carefully selected from top Indonesian hospitality and marine institutions to ensure each guest's stay onboard Lamima will be an unforgettable and authentic experience.

Enjoy a fusion of Asian and European cuisine from our gourmet chefs who take pride in sourcing the freshest, quality ingredients from top Indonesian suppliers, local markets and fishermen.

Diving

Our onboard PADI dive-centre is fully equipped to handle all your diving needs, whether you are a proficient or first time diver (including perhaps completing your PADI certification). Our experienced PADI guides have chosen the best diving locations in Indonesia which are renowned for their marine biodiversity.

Relaxation

- Pamper yourself with a leisurely massage or treatment from our Indonesian masseuses or enjoy a soul enriching yoga session.
- Simply revitalise in a secluded spot while lounging on one of Lamima's private, large daybeds or deck lounges.

Activities

Watersports - Accompany our local, experienced guide on a jet drive tender. Explore hidden treasures that are too shallow for deep keeled vessels or catch a thrill on a wakeboard or waterskis.

- 2 x jet drive tenders (10m & 7.5m)
- 2 x jetskis
- Waterskis & wakeboards
- 6 stand-up paddle boards
- 4 canoes
- Diving & snorkelling gear for (14 guests).

Excursions

- You will have the opportunity to explore isolated beaches, secret caves and discover native fauna and flora at your own leisure or accompanied by our crew. Share the local crew's knowledge and insight about the delicate balance between humans and nature.
- Guests who travel with us to Komodo and Flores will have the opportunity to view the world's largest species of carnivorous lizard, the Komodo dragon.
- Along the way we will make landfall and visit local villages, rich in culture and tradition. Our guests will witness authentic daily life, with the opportunity to take part in some local festivities.

LAMIMA

UNSPOILT EXOTIC DESTINATIONS

Pebbled with thousand of islands, Indonesia will capture your imagination. These seas are Lamima's home and it will be her privilege, as one of very few registered luxury yachts, to explore with you the untouched world and secluded bays she calls her own.

Raja Ampat

The breathtakingly beautiful Raja Ampat Regency encompasses more than 40,000 square kilometres of land and sea, remote and relatively undisturbed by humans. Divers find themselves in an aquatic paradise amongst the world's healthiest hard and soft corals. It is also home to many of its own endemic species, like the 'walking sharks'.

Alor, Flores, Sumba & Komodo

- View the diversity of landscapes from the mountains of Flores to the drier regions of Komodo. Visit one of the traditional villages with our guide to gain insight on local culture and the daily lives of the friendly, local residents.
- Dolphins are a common sight in the seas between Komodo and Flores and the area is also on a whale migration route. The reefs offer good snorkelling and some of the best diving in Indonesia.
- The most remarkable attraction on Komodo is its endangered monitor lizards, known as 'Komodo dragons' or 'ora'. These are the largest living lizards on Earth and found only on Komodo, Rintja, and Western Flores islands.

Photography & Bird Watching

- The areas around Raja Ampat are known for their rich bird life and with 41 unique species of the beautiful bird of paradise you may even glimpse this amazing bird in its natural habitat.
- Whether you are professional or amateur, there will be plenty of opportunities to capture unique images of landscapes, fauna, flora and underwater life.

OUR LUXURY YACHT

- Specifically designed and built as a new Luxury Sailing Yacht in 2012/13 to sail the beautiful sapphire waters of Indonesia, the design team and local boat builders have combined the authenticity and charm of the Indonesian two-masted sailing ship, known as a Phinisi, and fused this with the latest yacht design and technology. The result is Lamima, which offers its guests the most comfortable sailing, sleeping, enjoyment and safety. Designed by esteemed yacht designer Marcelo Penna of Barcelona to ensure her intrinsic strength and stability, he gave her a sail wardrobe intended to catch every breeze of the Indonesian archipelago.
- Lamima is one of the very few five-star charter vessels to be registered under the Indonesian flag, a requisite when sailing with clients in Indonesian waters. This provides further exclusivity for all of the amazing areas of the Indonesian waters and islands that she can explore with her guests.
- International Specifications and Safety: No other luxury yacht in Indonesian waters has Lamima's range and capacity and she alone has an international classification (RINA), which conforms to international safety regulations. This certificate guarantees that the vessel has been constructed to the highest standards of safety, stability, fire protection and pollution prevention. A certified surveyor inspects and approves all stages of construction and a yearly survey ensures that the vessel continues to meet high RINA standards.

Design & Cabin Layouts

- Lamima has been designed to accommodate her guests in absolute comfort and space, whether making use of the large daybeds, dining under the stars or simply catching the breeze from their own secluded spot. She can accommodate 14 guests in 7 spacious and elegant cabins, all with luxurious ensuite bathrooms.
- The design style of Lamima is warm and inviting with an understated, contemporary Asian influence. Lighting is integrated into the design and intrinsic to the ambience at different times of the day. The overall effect is relaxing and luxurious with an undertone of the tradition and culture of the region.
- In all our rooms internet service will be available for those who choose to stay connected and HDTV is in every room. There are also iPad docking stations, three iPads and a movie library for those who just want to escape to their own luxury room.

Type:	Ketch	Year Built:	2013
